Fly Free

I see you in my mind, what is gonna be.
In this town that we find, could easily consume me.
Which way do I turn? Follow my heart or my dreams.
Either way I learn, I'm looking for the answer now please.

Look to the Heavens above, come together and Fly Free, Fly Free, Fly Free with me.
Look to the Heavens above, come together and Fly Free, Fly Free, Fly Free with me.

Land of sun city of grey, I find the truth that I seek.
Hell is so far away, why was I feeling so weak.
Nothing will pass me by, and what I find I keep.
If I ever need to try, I've found the answer, the answer here.

Look to the Heavens above, come together and Fly Free, Fly Free, Fly Free with me.
Look to the Heavens above, come together and Fly Free, Fly Free, Fly Free with me.
