Off The Floor

I take it back your no one,
Just pick me up off the floor.
Everything that's been said and done,
Just go now, 1, 2, 3, 4.

I wont get low down over you.
Why should I feel this way.
Nothing that you said was true.
Just get now, out of my face.

They say that lightning never strikes twice. Now I can fly.
They say that lightning never strikes twice. Now I can fly.

They say that lightning never strikes twice. Now I can fly.
They say that lightning never strikes twice. Now I can fly.
Now I can fly.
Now I can fly.
